YOUR NEEDS. YOUR PRIORITIES.

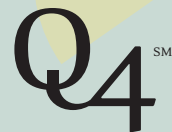

At Q4, we listen between the lines to learn what's important to you and your family, and to understand the issues and challenges you're facing.

Managing the Critical Details of Medical Care

Living with a disability forces you to think about things that others take for granted. You need to be particularly vigilant and attentive. At Q4 we focus on preventing problems and proactively managing any existing conditions. If a crisis arises, we ensure that our clients are receiving the right care at the right time. We also focus on transitioning from the hospital back to home, making sure that all the details are cared for. And we'll monitor and report so you're assured that everything is on track.

From organizing in-home services to keep you independent or arranging transportation to the store, we'll help you find the right local resources. Whether your priorities are traveling, socializing or caring for a beloved pet, Q4 can help. Our services help you maximize your quality of life and put the joy back into living.
